

## **PRESENTER'S BIOGRAPHY:**

- **Massimo Frasson**

After achieving a Master Degree in Mechanical Engineering, Mr. Frasson worked for several international companies in the automation industry.

He joined Brevetti C.E.A. in the year 2000 as Mechanic Systems Design Manager.

From 2004 he undertook the technical management of the Company and later on in 2007 he began the restructuring of Brevetti C.E.A.'s production and the expansion of the entire range of products by introducing new vision's technologies.

In the same period he was coordinating and supervising a special department dedicated to the pharmaceutical process analysis through the development of artificial vision systems using also neural algorithms.

On 2010 he became responsible of the whole operations process and in February 2014 he has been appointed as the General Manager of Brevetti CEA Company.
